Health	Health Education Framework (Draft)	2019	7	Holt, Rinehart and Winston, Holt Decisions for Health	n/a	Health is not currently taught in junior high schools and has not been taught for several years. This is a problem that needs to be solved. We had a solution for this year that would carry us until we could build a class into the master schedule. We should discuss in more detail. -ARH	NOTE: We tried to adopt new curriculum in 2019-20 for junior high and our Board delayed the vote. We need to talk about this issue. I have a new proposal to bring forward and junior high principals and I have identified this as a major topic (along with dismantling CP/H) for the school year.
